

# FIFRA Section 24(c) Label

**GROUP 14 HERBICIDE**

SUPPLEMENTAL LABEL FOR SPECIAL LOCAL NEED REGISTRATION  
FOR DISTRIBUTION AND USE ONLY IN THE STATE OF OREGON

CHATEAU® HERBICIDE WDG USE ON: NON-BEARING RASPBERRIES  
POST-TRANSPLANT AND DIRECTED APPLICATIONS TO NON-BEARING RASPBERRIES  
EPA Reg. No. 59639-119  
EPA SLN No. OR-070002

**This label valid until December 31, 2012 or until otherwise  
Amended, withdrawn, cancelled or suspended.**

| Active Ingredient       | By Wt. |
|-------------------------|--------|
| Flumioxazin* .....      | 51%    |
| Other Ingredients ..... | 49%    |
| Total                   | 100%   |

\*2-[7-fluoro-3,4-dihydro-3-oxo-4-(2-propynyl)-2H-1,4-benzoxazin-6-yl]-4,5,6,7-tetrahydro-1H-isoindole-1,3(2H)-dione

This label and the EPA-registered label must be in the possession of the user at the time of mixing and pesticide application.

Follow all applicable directions, restrictions and precautions on the EPA-registered label and this label. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

### ENVIRONMENTAL HAZARDS:

This product is toxic to non-target plants and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift or runoff may be hazardous to non-target plants and aquatic organisms in neighboring areas. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water when disposing of equipment washwaters.

This pesticide is toxic to plants and should be used strictly in accordance with the drift and run-off precautions on this label in order to minimize off-site exposures.

Under some conditions this product may have a potential to run-off to surface water or adjacent land. Where possible, use methods which reduce soil erosion, such as no till, limited till and contour plowing; these methods also reduce pesticide runoff. Use of vegetation filter strips along rivers, creeks, streams, wetlands or on the downhill side of fields where runoff could occur will minimize water runoff and is recommended.

## DIRECTIONS FOR USE

### GENERAL INFORMATION

*Chateau* WDG, at 2.2 oz per acre, can be applied to the soil after transplanting, but prior to emergence. Application after emergence of new growth will result in crop injury.

*Chateau* WDG, at 2.2 oz per acre, can be applied as a directed spray to the base of the primocanes when the canes are actively growing.

*Chateau* WDG, at 2.2 oz per acre, can be applied over the top of canes once the canes are dormant.

**Table 1. Broadleaf Weeds Controlled by Residual Activity of *Chateau* WDG in Raspberries.**

| Application Method    | Min. Time From Application to Harvest (PHI) | Use Rate Per Acre Per Application (oz) | Special Use Instructions  |
|-----------------------|---|--|---|
| Post transplant spray | One year                                    | 2.2                                    | Apply broadcast immediately after transplanting to weed free soil surface for preemergence weed control. Apply prior to emergence of raspberries. |
| Directed spray        | One year                                    | 2.2                                    | Apply mid-season as a directed spray to the base of the primocanes for preemergence weed control.   |
| Dormant spray         | One year                                    | 2.2                                    | Apply broadcast to dormant raspberries. Application should be made to a weed-free soil surface for pre-emergence weed control.                    |

### RESTRICTIONS

Do not harvest berries for at least 365 days after last application.

### SPRAY DRIFT MANAGEMENT

Avoiding spray drift at the application site is the responsibility of the applicator and the grower. The interaction of many equipment and weather related factors determine the potential for spray drift. The applicator and grower must consider the interaction of equipment and weather related factors to ensure that the potential for drift to sensitive non-target plants is minimal.

Please see main label for broadleaf weeds controlled.

### RESISTANCE MANAGEMENT RECOMMENDATIONS

*Chateau* WDG is a Group 14 herbicide. Any weed population may contain or develop plants naturally resistant to *Chateau* WDG and other Group 14 herbicides. Weed species with acquired resistance to Group 14 herbicides may eventually dominate the weed population if Group 14 herbicides are used repeatedly in the same field or in successive years as the primary method of control for targeted species. This may result in partial or total loss of control of those species by *Chateau* WDG or other Group 14 herbicides.

To delay herbicide resistance, consider:

- Avoiding the consecutive use of *Chateau* WDG or other target site of action Group 14 herbicides that might have a similar target site of action, on the same weed species.
- Using tank mixtures or premixes with herbicides from different target site of action Groups as long as the involved products are all registered for the same use, have different sites of action and are both effective at the tank mix or prepack rate on the weed(s) of concern.
- Basing herbicide use on a comprehensive Integrated Pest Management (IPM) program.
- Monitoring treated weed populations for loss of field efficacy.
- Contacting your local extension specialist, certified crop advisors and/or manufacturer for herbicide resistance management and/or integrated weed management recommendations for specific crops and resistant weed biotypes.

For further information or to report suspected resistance, you may contact Valent U.S.A. Corporation at the following toll-free number: 1-800-682-5368.

## **DISCLAIMER, RISKS OF USING THIS PRODUCT, LIMITED WARRANTY AND LIMITATION OF LIABILITY**

**IMPORTANT: Read the entire Label including this Disclaimer, Risks of Using this Product, Limited Warranty and Limitation of Liability before using this product. If the terms are not acceptable, THEN DO NOT USE THE PRODUCT; rather, return the unopened product within 15 days of purchase for a refund of the purchase price.**

### **RISKS OF USING THIS PRODUCT**

The Buyer and User (referred to collectively herein as "Buyer") of this product should be aware that there are inherent unintended risks associated with the use of this product which are impossible to eliminate. These risks include, but are not limited to, injury to plants and crops to which this product is applied, lack of control of the target pests or weeds, resistance of the target pest or weeds to this product, injury caused by drift, and injury to rotational crops caused by carryover in the soil. Such risks of crop injury, non-performance, resistance or other unintended consequences are unavoidable and may result because of such factors as weather, soil conditions, disease, moisture conditions, irrigation practices, condition of the crop at the time of application, presence of other materials either applied in the tank mix with this product or prior to application of this product, cultural practices or the manner of use or application, (or a combination of such factors) all of which are factors beyond the control of Valent. The Buyer should be aware that these inherent unintended risks may reduce the harvested yield of the crop in all or a portion of the treated acreage, or otherwise affect the crop such that additional care, treatment and expense are required to take the crop to harvest. If the Buyer chooses not to accept these risks, THEN THIS PRODUCT SHOULD NOT BE APPLIED. By applying this product Buyer acknowledges and accepts these inherent unintended risks AND AGREES THAT ALL SUCH RISKS ASSOCIATED WITH THE APPLICATION AND USE ARE ASSUMED BY THE BUYER.

Valent shall not be responsible for losses or damages (including, but not limited to, loss of yield, increased expenses of farming the crop or such incidental, consequential or special damages that may be claimed) resulting from use of this product in any manner not set forth on the label. Buyer assumes all risks associated with the use of this product in any manner or under conditions not specifically directed or approved on the label.

### **LIMITED WARRANTY**

Valent warrants only that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the label, under average use conditions, when used strictly in accordance with the label **and subject to the Risks of Using This Product as described above. EXCEPT AS SET FORTH ABOVE, VALENT MAKES NO OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED.** No agent or representative of Valent or Seller is authorized to make or create any other express or implied warranty.

### **LIMITATION OF LIABILITY**

**In no event shall Valent or Seller be liable for any incidental, consequential, indirect or special damages resulting from the use or handling of this product. The limitation includes, but is not limited to, loss of yield on all or any portion of the treated acreage, increased care, treatment or other expenses required to take the crop to harvest, increased finance charges or altered finance ratings, emotional or mental distress and/or exemplary damages. THE EXCLUSIVE REMEDY OF THE BUYER, AND THE EXCLUSIVE MAXIMUM LIABILITY OF VALENT OR SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT OR, AT THE ELECTION OF VALENT OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

**PROMPT NOTICE OF CLAIM**

Valent must be provided notice as soon as Buyer has reason to believe it may have a claim, but in no event later than twenty-one days from date of planting, or twenty-one days from the date of application, whichever is later, so that an immediate inspection of the affected property and growing crops can be made.

If Buyer does not notify Valent of any claims, in such period, it shall be barred from obtaining any remedy.

**NO AMENDMENTS**

Valent and Seller offer this product, and Buyer accepts it, subject to the foregoing **Disclaimer, Risks of Using This Product, Limited Warranty and Limitation of Liability**, which may not be modified by any oral or written agreement.

This label and the EPA-registered label must be in the possession of the user at the time of mixing and pesticide application. Please refer to container label for additional precautionary statements.

Follow all application directions, restrictions, and precautions on the EPA-registered label. Please contact Valent U.S.A. Corporation at 800-6-VALENT (682-5368) to determine if this use is registered in your state.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
