

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF WASHINGTON

CURBIT EC HERBICIDE

EPA Reg. No. 34704-610

EPA SLN No. WA-090013

- **IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**
- **THIS LABELING MUST BE IN THE POSSESSION OF THE USER AT THE TIME OF APPLICATION.**
- **FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS, WORKER PROTECTION STANDARD REQUIREMENTS, AND PRECAUTIONS ON THE EPA REGISTERED LABEL**

DIRECTIONS FOR USE

DILL GROWN FOR OIL / CONTROL OF ANNUAL GRASS AND BROADLEAF WEEDS:

- Apply Curbit EC as a postplant surface applied herbicide prior to emergence of crop and weeds. Broadcast the following rates in at least 20 gallons of water per acre by ground equipment only.
 - Coarse Soils: 1.5 - 2 pints per acre
 - Medium Soils: 2 - 2.5 pints per acre
 - Fine Soils: 2.5 - 3 pints per acre
- Using overhead sprinkler irrigation, activate Curbit EC with a minimum of one-half inch ($\frac{1}{2}$ ") of irrigation water within two (2) days after application. Irrigated fields may be shallowly cultivated without loss of Curbit EC activity.
- Weeds controlled by Curbit EC include barnyardgrass, common lambsquarters, and redroot pigweed.

RESTRICTIONS / PRECAUTIONS:

- Do not make more than one application of Curbit EC per season.
- Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 24 hours.
- For use under this SLN label do not apply this product through any type of irrigation system.
- Do not apply within 91 days of harvest.
- Refer to the federal label for rotational crop restrictions.
- This product is toxic to fish and aquatic invertebrates. This product should not be used under this SLN label where impact on listed threatened or endangered species is likely. You may refer to the WSDA Endangered Species Program web site at <http://agr.wa.gov/PestFert/natresources/EndangSpecies.aspx>, or contact the Washington Department of Fish & Wildlife, National Marine Fisheries Service (NOAA Fisheries) or US Fish & Wildlife Service for information regarding aquatic species listed as threatened or endangered. Consult the federal label for additional restrictions and precautions to protect aquatic organisms.
- Due to risk to plants and animals in aquatic habitats that receive runoff containing this product, use of controls such as a vegetative buffer strip to filter such water flow from recently treated fields is recommended.

WSDA Container Disposal Guidance:

Pesticide containers must be properly cleaned prior to disposal. The best time to clean empty pesticide containers is during mixing and loading, because residue can be difficult to remove after it dries. Triple rinse (or pressure rinse) the pesticide container, empty all pesticide rinse water into the spray tank, and apply to a labeled crop or site. Recycling cleaned containers is the best method of container disposal. Information regarding the recycling of empty and cleaned plastic pesticide containers in Washington is available on the WSDA Waste Pesticide Program web site at <http://agr.wa.gov/PestFert/Pesticides/WastePesticide.aspx>. Cleaned containers may also be disposed of in a sanitary landfill, if permitted by the county. Burning is not a legal method of container disposal in Washington.

Loveland Products, Inc., Special Conditions and Disclaimer for use of Curbit EC on Dill Grown for Oil

Loveland Products, Inc., intends that this Section 24(c) label be distributed only to end users and/or growers who agree in writing to the terms and conditions required by Loveland Products, Inc. including a waiver and release from all liability and indemnification by the user and/or grower of Loveland Products, Inc., and others for failure to perform and crop damage from the use of Curbit EC on dill grown for oil. If such terms and conditions are unacceptable, return Curbit EC at once unopened.

This product when used on dill grown for oil may lead to crop injury, loss, or damage. Loveland Products, Inc., recommends that the user and/or grower test this product in order to determine its suitability for such intended use. Loveland Products, Inc., make this product available to the user and/or grower solely to the extent the benefit and utility, in the sole opinion of the user and/or grower, outweigh the extent of potential injury associated with the use of this product. The decision to use or not to use Curbit EC must be made by each individual Curbit EC user and/or grower on the basis of possible crop injury from Curbit EC, the severity of weed infestation, the cost of alternative weed controls, and other factors. Loveland Products, Inc., intends that because of the risk of failure to perform or crop damage that all such use is at the user's and/or grower's risk, to the extent consistent with applicable law.

This Special Conditions and Disclaimer statement is required by Loveland Products, Inc. and is not required or enforced by the USEPA or the WSDA.

THIS LABEL FOR CURBIT EC EXPIRES AND MUST NOT BE DISTRIBUTED OR USED IN ACCORDANCE WITH THIS SLN REGISTRATION AFTER DECEMBER 31, 2014.**24c Registrant:**
